

LINEA PRO

iOS SCAN CASE

Increase Efficiency

Cost Reduction Due to Low Hardware Costs

Easy Usage

Sensors & IoT

Available for Various Smart Consumer Devices

Hardware Engineering Branding

BIG PICTURE

Why Smartphones?

- Better Cost-Benefit Ratio due to:
- High Usability, No Training Needed
- WLAN, Bluetooth, CPU, Memory, SIM
- On-Stop Support from Dataphone

Flexible Usage

- Warehouse Management
- Ordering and payment
- Picking
- Inventory
- Transport
- Retail processes

Why Scan Cases?

- Reliable Scanning and Higher Performance
Compared to Camera-Only Scanning, Especially in
Darkness, Difficult Conditions or Environments
- Configuration of All Barcode Symbologies
- Waterproof and Roll-Over Protection
- Better Uptime Through Additional Batteries
- More Sensorics and Benefits from 1D/2D Scanners,
MSR, RFID, Chip & Pin, NFC, BT
- Individual Branding and Components

Industries

- Retail / Wholesale / Manufacturing,
Healthcare & Medical / Transport / Others

HIGHLIGHTS

Low Investigation Costs

High ROI thanks to low hardware costs

Increase in Efficiency

USPs of Consumer Devices

- ✓ Fast processors
- ✓ High resolution
- ✓ Easy usage
- ✓ Large data storage

High Modularity

- ✓ High modularity and
Extensibility via App
Downloads

Auto-ID & Sensors

- ✓ All Barcode Symbologies (1D/2D)
- ✓ NFC, RFID, Bluetooth, MSR
- ✓ Chip & Pin

SOLUTION

Accessories & Dataphone Apps

- ✓ Docking stations, various rugged cases, etc.
- ✓ Compatible with iPhone, starting from 3rd generation, iPods and tablets
- ✓ **Apps:** Logistics, Retail, Transport

Dataphone AG develops highly **innovative**, **mobile** and **reliable** soft- and hardware solutions for warehouse management, transport & shipping and retail.
